Proposed Starting Date:

Proposed Completion Date:

Checklist of sections required in your application

A. Project proposal. This should outline the intended research including a **clear indication of its relevance to the Trust's objectives (the ecology and management of New Zealand's indigenous grasslands)**, and the timeframe involved. This proposal should be in Times Roman 12pt or similar sized font, and **not exceed 4 pages**.

B. Itemised budget. The budget should include the total costs of the research with **separate items clearly costed**. For example for travel, specify "XX km/trip times XX trips/year times XX c/km" or "XX flights from XX to XX at \$XX per flight". For accommodation, specify "XX nights times \$XX/night". Items you want the Trust to fund must be clearly indicated in the budget and justified in the Project Proposal. Other funding obtained for the research should also be detailed (amount, source, what it covers).

C. CV of applicant, including academic record (**max 3 pages plus academic record**)

D. Supporting letter from principal supervisor

Please if possible **combine all into one single document (Word or PDF)**
